

Shipping Industry Audit Services

The shipping industry plays a vital role in global trade however it is facing dramatic changes. Shipping companies are dealing with many challenges when competing for new and existing customers. How is your company handling the tasks to cover competition and the high demand and the capital required to do so? Have thoughts of collaborating, merging, or going public in the U.S. and/or London markets been discussed? How do you plan on complying with the changing regulations, laws, and accounting standards that your company will now face?

Sometimes it is difficult facing these challenges alone. Vonya Global was built to help.

- Sarbanes-Oxley Compliance
- Pre-IPO Internal Control Assessment
- Due Diligence
